

Japanese Maple Variety Sheet

Variety	Size	Form	Description
Bihou aka Yellow Coral Bark	10' x 8'	Upright Vase	Golden-yellow bark is a standout in this Coral Bark relative. Bright green leaves in spring contrast against the yellow bark. Fall color is brilliant yellow. The tips of the yellow branches turn a bright red in winter. Zone 5
Bloodgood	15'-20' x 15'-20'	Broad Upright	A robust, upright tree with deep red palmate leaves that mature to a rich deep purple in summer. Crimson fall color and scarlet, winged seeds add seasonal interest to this popular Maple.
Butterfly	15' x 12'	Vase Shaped	This vase shaped tree has beautiful cream and blue-green variegated leaves with a tinge of pink. In fall the creamy margins become blazing magenta. Zone 5
Coral Bark aka Sango kaku	20'-25' x 15'- 20'	Rounded Upright	This large Japanese Maple's coral-red to salmon bark contrasts strikingly in winter. The palmate new growth is yellow-orange, turning to green in the summer. Brilliant yellow-gold fall color. Zone 5.
Crimson Queen	10' x 10'	Weeping	This heat-resistant Weeping Japanese Maple usually maintains its dark purple to red foliage through the summer. Leaves are deeply dissected. Fall color runs an array of scarlet tones. Zone 5.
Emperor I	10' x 10'	Broad Upright	This tree has an upright growth habit with deep red palmate leaves that can hold in the heat. It develops a broad shape with age. Brilliant crimson fall display. Zone 6
Fireglow	15' x 12'	Broad Upright	Fireglow, with its bright red leaves, has the best summer color retention of all the upright red palmatum. Fall color is intensely red! Zone 5
Hefner's Red	15' x 12'	Broad Upright	This upright red leaf Japanese Maple tends to retain a deep maroon color through summer. Fall color is a fiery red.
Katsura	15' x 12'	Broad Upright	This small upright tree sports leaves which start out yellow-orange, changing to rich green. Fall colors are yellows and oranges. Zone 5
Lion's Head	10' x 7'	Broad Upright	A distinctive Japanese Maple with thick foliage covering outward-spreading branches. Dramatic orange and yellow fall color. Zone 5
Little Sango	6' x 4'	Bush Dwarf	A stunning, smaller variation of Coral Bark, Little Sango has vivid scarlet branches which contrast with chartreuse new growth in Spring. Brilliant yellow to orange fall color. Zone 5
Male Lion's Head	10' x 7'	Broad Upright	Densely packed deep green leaves cover short branches producing a sculptural quality. Burnt orange fall color resembles a lion's head and mane. Zone 5
Orangeola	5' x 8'	Cascading Mound	This tree has arching branches with dissected leaves that turn from green to purple to a brilliant orange in the fall. It is a real stand-out as a specimen or as an accent plant, and a great contrast against green-leaved plants. Zone 5.
Oshio Beni	15'-20- x18'	Broad Upright	The bright red new growth turns burgundy in mid-late summer and is followed by bright scarlet fall color. It has palmate leaves and a graceful arching form. It's name means "red tide". Zone 5.
Red Dragon	6' x 6'	Cascading Mound	This Japanese Maple's lacy, dissected leaves emerge bright scarlet, transitioning to dark purple-maroon in summer. A cascading mound, it turns a flaming scarlet in the fall. Great for small areas.
Red Filigree	4'-5' x 4'- 5'	Weeping	Finely cut lace-leaves adorn this strongly weeping Japanese Maple. New leaves are deep red with a crimson fall color. Great accent plant. Zone 5.
Rhode Island Red	12' x 12'	Broad Upright	Palmate leaves emerge bright red in the spring and darken as they age. A very nice dwarf selection with a broad upright form. Fall foliage is orange to red. The dark red stems stand out in the winter months. Zone 5.
Ryusen Weeping	6'-8' x 6'	Weeping	This weeping form has pendulous branches with green palmate leaves. It has a blazing orange-red fall color. Perfect for small spaces. Zone 5.
Rising Sun Full Moon	20' x 15'	Broad Upright	Uncommonly large, heavily textured leaves give this tree a tropical look. Excellent red, yellow and orange fall colors. This is a stunner! Zone 5
Sharp's Pygmy	4' x 4'	Upright Mound	This outstanding miniature maple has dense dark green leaves in the summer followed by dramatic red fall color. Great for containers or small gardens. Zone 5
Shirazz aka Gwen's Rose Delight	15' x 15'	Broad Upright	This stunning variegated Japanese Maple has leaves that range in a blend of pinks, greens and creamy white. Fall color is drimsum-red to scarlet. Zone 5
Tamukeyama	8' x 12'	Weeping	A laceleaf weeping Maple that has deep purple to red foliage. It holds its deep color through the heat of the summer, turning bright red in the fall. Zone 5.
Tsuma gaki	10' x 7'	Broad Upright	A dramatic spring show of chartreuse leaves edged in red changes as leaves develop to deep red margins with light cream centers. A truly unique coloration! Zone 5
